

## **Construction Update – 22<sup>nd</sup> September 2017**

This notification is regarding the Public Domain works, Building 3 Hoardings and work taking place on Central Avenue.

### **Public Domain Work**

Over the coming weeks, you will notice changes to access through the precinct. I will send regular updates indicating the changes by each section. Commencing Monday 25<sup>th</sup> September, hoarding will begin to be installed around the entry garden to the precinct.

The main stairs will remain open next week, whilst the hoarding is installed down Cornwallis Street. During this installation, the footpath on Cornwallis Street will be closed and pedestrian traffic diverted. There will be a truck stationed at the bottom of the stairs, however access will be maintained and traffic control in place.

The bike racks will be moved. We are working with council on a new location for these and will advise once confirmed. See following map for reference.

### **Building 3 Hoardings**

Site establishment will begin on Monday 25<sup>th</sup> September for Building 3. Fencing will be installed along the oval and down Davy Rd. Refer to attached map.

### **High Voltage Pits – Central Avenue**

We are commencing work on Central Avenue to install high voltage pits to supply the new buildings. Over the coming weeks you will notice;

- Installation of water filled barriers around the work areas
- Trench excavation and installation of conduits
- Works to existing high voltage pits
- Installation of a temporary builders supply kiosk to supply power to Building 2

Traffic control will be in place at all times and access to the site maintained.

If you have any questions or concerns, or if you require more information, please contact me at [atp.communications@mirvac.com](mailto:atp.communications@mirvac.com) or call 1800 870 549.

Kind regards, Kim
